

brought to you by 3rd generation in Ceramics.

Anaya means Complete Freedom of mind, body and soul. We at Anaya follow the same concept in developing of our colors. Our Earthen Color range consists of:

- 1) Spanish Ocher : (Inspired by Natural ochre's found on earth like natural ochre's of France, Greece and Spain having yellowish orange colors in natural form)*
- 2) Natural Earth : (Inspired by natural color's of sand found near our Oceans)*
- 3) Terra Cotta : (Inspired by Natural Colors of Red soil found on our Mother Earth)*
- 4) Woody Olive : (Inspired by our Earth's mature Tropical Forests)*
- 5) Canyon Brown : (Inspired by the world famous Grand Canyon)*

Each and every piece manufactured at Anaya is manually crafted by our Artisans to give you a natural feel.

We at Anaya are open to developing new colors and form as per your imagination. We currently manufacture Wall, Cladding, Paving and Roofing Tiles. In order to have a detailed idea about our product range please feel free to get in touch with us.
